

Dr Roberta Jianu
Carbury, Co Kildare

To Whom It May Concern

This is to state that Dr Roberta Jianu of above address has been working at Johnstownbridge Health Centre from January 2017 on a regular basis.

She is punctual and hardworking, conscientious person.

In activity she demonstrated spirit of initiative, concern and interest. Stress and difficult work environment have never affected the quality of her work.

She is a person of high moral and professional conduct, a physician who wishes to keep up to date, being informed about latest medical discoveries.

Professionalism, strong character and the ability to work in a team, have turned her into a very important member of our surgery.

I hope she will be successful in her application for Allenwood house and, in this way, she will be able to continue to work with us.

Please feel free to contact me if you have any questions regarding Dr Jianu

Your sincerely
