Clinical Audit:

Frequent attenders of the Emergency Department (ED):

Preceptor: Dr. Gerry Lane (Consultant Emergency Medicine LUH)

15 patients with the attendance rate of more than 10 between the periods of January to September 2017 were identified. Using the ED scanned records server (Standard Locator) copies of the patient's notes from each of these attendances were retrieved and reviewed for clinical data. Psychological, alcohol misuse and physical illness issues were identified. ED Action Plans were developed and placed in the 'Patient Alert Folder' on the ED files share.
