RE Dr Amjad Ali MCRN 413642

14th April 2022.

To whom it may concern,

Dr Amjad Ali worked as a locum consultant physician in the AMAU in this hospital from 15/2/21 and due to finish 30/6/22.

During his time here, he has proven himself to be capable of working at a Consultant level, and has developed the service appropriately.

He has shown leadership by engaging in consultant meetings, and seeking to resolve teething problems that arose in an evolving service.

I have no hesitation in recommending Dr Ali for a future consultant position.

Yours sincerely,

Prof Shu Hoashi FRCPI MRCP(UK)
Consultant Endocrinologist
IMC No. 018562.
