Registration details

IMC Registration No. 410555

GMC Registration No. 7065846

PMDC Registration No. 15557-N

Personal statement

To work with an aim to gain valuable hands on experience and professional skills, and to be abreast with the latest development in the field of medicine, to gain leadership in clinical practice that includes patient safety (as a part of teamwork), along with research in the field of medicine, in an organization which provides a challenging, learning and developing atmosphere and explores my capabilities.

I am working in the Irish health care system since 2014, holding full time jobs in busy clinical sites for more than 8 years. Throughout my career, I have consistently demonstrated excellent communication and interpersonal skills. I am comfortable working in a high pressured environment either as a part of a team or individually. I'm also competent in terms of clinical, academic and clerical skills and can effectively communicate with the team, patients and their families. I am committed to delivering high standard of work and always seek opportunities to improve my knowledge, personal and professional development along with the compassion for teaching medical students and junior doctors and participating in organizational activities.

Clinical experience and Skills in General medicine

I have worked with a variety of General Medical/ Subspecialty consultants in busy Irish Tertiary Care Hospitals having substantial experience in patient management, including patients encountered on/post unselected General Medical take, critically unwell patients, elderly patients and managing of complex medical cases. Some of my responsibilities included clinical rounds with the consultant in charge on admitted patients, and in the absence of consultant, leading clinical rounds. I was also responsible for seeing patients in consultant led clinics.

I have worked as Medical Registrar on call, on Medical rota since July 2017 (previously SHO) managing both E.D General Medical presentations and managing admitted Medical patients including medical emergencies arising on wards (including Cardiac Arrest Calls), liaising with different clinical specialties, multidisciplinary management involving MDT meetings, radiology meetings and family meetings. I have also developed a keen interest in teaching undergraduate students.

I am fully competent in basic medical procedures like IV cannulation, ABG's, Nasogastric tubes, urine catheter, ascitic tap, lumbar puncture, etc. I also have done Vas-Cath / CVC insertion/ arterial line (under surveillance).

Clinical experience and skills in Nephrology.

I have worked as Registrar Nephrology/ GIM since July 2017. I have been managing Renal In-patients under consultant supervision and seeing Nephrology Consults on busy consult service. I have learned management of Hypertension, Diabetic nephropathy, electrolyte disturbances, nephrocalcinosis, acute Kidney Injury, chronic kidney disease patients including anaemia, Bone mineral Disorder management, pre-dialysis preparation and seeing patient with End stage kidney disease on Wards and in Dialysis Unit including adjusting their dialysis prescription and treating complications of End Stage Kidney Disease.

P: 01-6854700 & 01-6994321
Fax: 01-6852538

I was also seeing patients in specialist Nephrology clinic (including Vasculitis, Glomerulonephritis and Peritoneal Dialysis), Low clearance and Renal Transplant clinics under supervision, including management of Post-Transplant complications and immunosuppression.

Teaching and Management experience

I was actively involved in Teaching activities like weekly Journal Club and Grand Rounds and rota management on my clinical Jobs.

I was also a tutor on the MRCP/ Post Graduation teaching course in Beaumont Hospital in 2018/2019 and have been actively involved in teaching undergraduate students during all my clinical rotations and clinics, besides teaching the Senior House officers/ interns on wards and on General Medical Oncall encounters.
