Detailed Practising History:

1:

Currently I am working as an Independent Medical Consultant in AMAU in Mullingar Regional Hospital since 15/02/2021 and my current contract is valid until August 2022 and will be extended if needs be.

I am running the Acute Medical Assessment Unit where our working hours are from 9 am to 07 pm Monday to Friday. I see on average 15 new patients daily referred from GPs and Emergency Department and diagnose, assess, treat and follow them if needed or refer to concerned specialties if required. I also do a review clinic every Wednesday in AMAU where I follow on the pending investigations and see FU patients or do their virtual consultation. I have developed standardized locally effective pathways like chest pain pathway, headache pathways etc which are very helpful for the NCHDs.

I have 2 Registrars and one SHO working under my supervision in AMAU and a very good supporting Nursing and Clerical Staff, so I am getting an excellent experience in administrative work and leadership at the same time.

I am also doing a regular oncall roster with atleast 3-4 oncalls per month where I have to decide on all the sick patients and thrombolysis for acute stroke and do the post take round at times. I also participate in hospital audits and quality improvement project and regularly attend the hospital administrative meetings.

I also work as Locum Consultant in different hospitals mostly over the weekends and enjoy a taste of Medicine throughout Ireland.

2:

Worked as an Endocrinology Registrar at University hospital Limerick from 13/07/2020 till 14/02/2021.

My consultant is Dr Eoin Noctor and my job is to see all the inpatients under my team and follow them as well as see patients under different teams with endocrinology problem and diabetes and provide them state of the art endocrine specific treatment. I also cover the on calls

Shamrock Assist

W: www.shamrockassist.com

E: info@shamrockassist.com

P: 01-6854700 & 01-6994321

Fax: 01-6852538

and Emergency Department as per hospital registrar roster with an average one call per week including weekends.

I also run at least 3-4 clinics each week and treat patients with a range of endocrine diseases like Pituitary dysfunctions, adenomas, thyroid issues, adrenal problems, water and electrolytes problems and other complex endocrine issues etc and follow them as per protocol, dictate their discharge summaries and liaise with GPs and other specialties as appropriate.

I also teach UL Students on bedside and assess their history taking, communication and examination skills and run a teaching programme for the team with Journal clubs and case presentations on roster basis and actively participate in the hospital journal clubs and case conferences including grand rounds.

3:

Clinical Tutor at University of Limerick from July 2019 till 12/07/2020.

My job is to teach students of BMBS at UL and design group tutorials for the them, assess them on bedside and carry out their internal assessment with consultant every 6 weeks. Also to listen and sort out their queries and supervise their presentations, communication skills and many more. Beside this to make and design their curriculum and exam questions, presentations, EMQs and MCQs etc for their Final Exit Exam. I also attend 2 Clinics regularly with my consultant every Monday and on alternate Tuesday where I see and manage outpatients and teach students at the same time how to approach to patients in clinic. My job is to treat and follow upon these patients, dictate their discharge summaries to GP and refer to appropriate specialties if needed.

4:

I have worked as a Medical Registrar in Wexford General Hospital from 08/01/2018 till 07/07/2019 where I worked for the first 6 months under Dr Anna Kelly

Worked as a Medical Registrar in AMAU Galway University Hospital under Dr David Gallagher from 21/08/2017 till 07/01/2018.

Worked as Medical Registrar at Wexford General Hospital from 11/01/2016 Till 20/08/2017.
